29. **Limits:** We reserve the sole right to impose, change or lift any limits in relation to use of the Account. In such a case, if any limits are imposed, changed or lifted in relation to your Account, this information will be visible on your Account or you will receive an email from us in relation thereto.
30. **Market Takers:** If your Order is immediately matched with one or more corresponding Orders available on the Order-book, you are considered as **Taker** and the Order will result in a Transaction at the price of the already pre-existing Order on the Order Book. Takers are charged a fee which is automatically debited from the Taker's Account in the relevant quote currency.
31. **Taker order types:** Orders placed as market Orders or stop-market Orders are **Taker Orders**. In addition, it is possible for limit Orders also to be Taker Orders.
32. **Market Makers:** If your Order is not immediately matched with the corresponding Orders available on the Order-book, you are considered as **Maker** and your Order will remain open on the relevant Order-book until either **(i)** the Order is cancelled or expired, or **(ii)** the Order is matched to a corresponding Order and the Transaction is executed.

When a corresponding Order is placed on the Order Book, the Maker's open Order will result in an executed Transaction at the price the Maker indicated on the Order Book. Makers are charged a fee, which is automatically debited from the Maker's Account in the relevant quote currency if fees are applicable to the Maker's Orders.
33. **Order collateral:** We block funds on your Account for any open Order. You can release the blocked funds by cancelling the Order without an additional fee.
34. **Partial Order Execution:** Your Order may be executed in parts depending on the availability of corresponding Orders on the Order-book or Orders placed by other users as the Taker Orders. The Transaction resulting from an immediate, partial execution is subject to commissions as indicated in these Terms of Service. Any unfulfilled Order will remain as an open Maker Order in the Order-book until it is either cancelled, or expired, or matched to a corresponding Order.
35. **Taker Price Improvement:** Taker Orders are matched against existing Maker Orders at the price of the Maker Order posted in the Order-book, not at the price of the Taker Order. We will automatically match a Taker Order to any open Order whose price is at least as favourable as the Taker's Order price, if not more favourable to the Taker. Maker Orders will always be executed at the price initially posted on the Order-book.
36. **Order and Transaction Cancellation:** Except as otherwise set forth herein, all Transactions are final and commissions and/or fees paid to us by you are non-refundable. We reserve the right to cancel the Orders and/or reverse the Transactions in the following circumstances:
